Johanna

That which I thought will never happen Happened to me! I faced a divorce, after twenty years of marriage. The results was absolute, complete brokenness, not being able to cope at all, with three children, two of them teenagers, Dr Jesus connected me with Touching Hearts Ministries. As from the very first lesson I was on the operating table, for deep surgery and deep healing. The pain was huge, I cried for weeks, I was so desperate that I let Him in and allowed Him to deliver, heal and restore me. In Him, I got up, knowing that He is my Husband ... and I can face tomorrow with faith, hope and joy!

Jesus Christ truly saved my life during an eleven day course I attended in 2000, the Holy Spirit touched my heart for the first time. André and I also give Him glory for healing our marriage in a miraculous way! God has established a place of intimacy in our marriage that we never dreamed possible. Jesus delivered me from the effects of New Age, and alternative healing methods. The Holy Spirit also set me free from a false calling that had its origins in abuse. Father God has stirred up a passion, and is in the process of equipping me for the true calling that He has for my life.

I had neglected my marriage, and the result was an 18 month separation. During this time Annemarie was saved at a Touching Hearts course, and we were subsequently re-united. I used

alcohol to excess, and was on the way of becoming an alcoholic. Eventually, I attended a weekend camp, and Jesus Christ saved me. God freed me from smoking, and I have been free from alcohol for 6 or 7 years! I am still learning how to better communicate with my lovely wife, Annemarie. I know that our Lord will also bring full healing in this area.

In five-year living-together relationship, I was spiritually and mentally dying. What does it really mean to be loved? Through the Touching Hearts course the Lord showed me the spiritual implications of living together, without despising or condemning me! The Lord gently led me through the "not ready to move out stage". I finally moved out and the Lord is still showering me with His unconditional love. I have peace within me. I don't look back any more, my eyes are on Jesus and not on man. Healing and restoration of our relationship is now in His Hands. I couldn't have done it without His Unconditional Love.

When I was introduced to Touching Hearts, I was very sceptical but committed to continuing. I had gone for counselling prior to the course, being a confused young woman trapped between relationships. I was lost, not knowing who I was or what I wanted to be. Touching Hearts touched my heart and helped me deal with the baggage I was carrying through life. It was not long before I was released and whole again. Richard and I got married a month after the course ended, with a marriage built on rock. It saved my relationship and it can do the same for you. What have you got to lose?

The testimonies of those who attended this course are the proof that God our Father is real and that his Son Jesus Christ really lives and has all authority in heaven and on earth and that the Holy Spirit is real and with us and in us and that we are really set free by the power of the Blood of the Lamb and by the working of the Holy Spirit. We witness how God renews the hearts and minds of those attending and we can see an awesome positive change in them, plus we give all glory to God in hearing their life changing testimonies
