So maak mens

Matt 24:5 - 13

'En Jesus antwoord en sê vir hulle: Pas op dat niemand julle mislei nie.

*Want baie sal onder my Naam kom en sê: Ek is die Christus!
en hulle sal baie mense mislei.*

En julle sal hoor van oorloë en gerugte van oorloë.

*Pas op, moenie verskrik word nie, want alles moet plaasvind,
maar dit is nog nie die einde nie.*

*Want die een nasie sal teen die ander opstaan en die een
koninkryk teen die ander;
en daar sal hongersnode wees en pessiectes en aardbewings
op verskillende plekke.
Maar al hierdie dinge is 'n begin van die smarte.'*

*Dan sal hulle jul aan verdrukking oorgee en julle doodmaak;
en julle sal deur al die nasies gehaat word ter wille van my
Naam.*

*En dan sal baie tot struikel gebring word en mekaar verrai
en mekaar haat.*

En baie valse profete sal opstaan en baie mense mislei.

En omdat die ongeregtigheid vermeerder word, sal die liefde van die meeste verkoel.

Maar wie volhard tot die einde toe, hy sal gered word.

Daar is twee fasette van die eindtyd:

Deel 1: 'n Periode van verval oor 'n lang tyd.

- *Ons is reeds daarin!*

Deel 2: 'n Intense periode van 7 jaar

- *Soos in die profete voorspel*
- *Soos in Openbaring bevestig*

Ons word (en sal al hoe meer) voor keuses vir/teen God gestel.

Maar wie volhard tot die einde toe, hy sal gered word

Hoe lyk die situasie?

Openbaring 13: 16-17

En hy maak dat aan almal, klein en groot, en die rykes en die armes, en die vrymense en die slawe 'n merk op hulle regterhand en op hulle voorhoofde gegee word;

sodat niemand kan koop of verkoop nie, behalwe hy wat die merk of die naam van die dier of die getal van sy naam het.

*Hoekom sal enige mens die merk van die dier vat, dis
dan voorspel in die Woord, en ons weet mos wat
gebeur met die mense wat die merk vat?*

As jy nie die merk het nie, beteken dit:

- *Jy kan nie kos koop nie*
- *Jy kan nie vir jou gesin sorg nie*
- *Jy verloor jou huis, kar, alles (jy kan nie rekeninge betaal nie, brandstof koop nie)*
- *Jy word plekke verbied as jy nie die merk het nie*
- *Geweldige druk van alle kante*

Maar wie volhard tot die einde toe, hy sal gered word

Dis reeds aan die gang!

- *Gesag word omgekeer (vroue/mense/kinder/diere regte)*
- *Ons kinders word indoktrineer*
- *Ons geld word weggeneem (kontantlose wêreld)*
- *Ons word afhanklik gemaak van regerings*
- *Ons voedselvoorsiening word 'n monopolie*
- *ens...*

Hoe meer ons die Heilige Gees ken, hoe groter word ons heiligmaking.

Hoe meer ons met die gees van die wêreld te doen het, hoe meer word ons ontheilig en verblind teen die waarheid en kan nie die stem van die Here hoor nie.

Hoe kom ons daar?

“In the past, censorship worked by blocking the flow of information. In the twenty-first century, censorship works by flooding people with irrelevant information. [...] In ancient times having power meant having access to data. Today having power means knowing what to ignore.”

Blatante leuens word oor en oor verkondig – en dit word die “waarheid”.

“Drinking lots of Coca-Cola will not make you young, will not make you healthy, and will not make you athletic – rather, it increases your chances of suffering from obesity and diabetes. Yet for decades Coca-Cola has invested billions of dollars in linking itself to youth, health and sports – and billions of humans subconsciously believe in this linkage.”

Transgender-Identifying Weightlifter Wins Discrimination Lawsuit Against USA Powerlifting.

A Minnesota court ruled that USA Powerlifting violated the rights of JayCee Cooper, a transgender-identifying powerlifter born a male, by barring him from competing as a woman.

In a statement to the LGBTQ+ athletics publication Outsports, Cooper said that she “fought as hard as I could to ensure that every trans athlete has the opportunity to compete, and be recognized with full dignity and humanity.”

Athletics South Africa (ASA) said in a statement on Thursday it is considering its legal options following global athletics body World Athletics' release of new rules around trans athletes and athletes with differences of sexual development (DSD).

2 Pet 3: 3-4

First of all, you must understand that in the last days some people will appear whose lives are controlled by their own lusts. They will make fun of you and will ask,

"He promised to come, didn't he? Where is he? Our ancestors have already died, but everything is still the same as it was since the creation of the world!"

2 Tim 3: 1-5

Maar weet dit, dat daar in die laaste dae swaar tye sal kom.

Want die mense sal liefhebbers van hulleself wees, geldgieriges, grootpraters, trotsaards, lasteraars, ongehoorsaam aan hulle ouers, ondankbaar, onheilig, sonder natuurlike liefde, onversoenlik, kwaadsprekers, bandeloos, wreed, sonder liefde vir die goeie, verraiers, roekeloos, verwaand, meer liefhebbers van genot as liefhebbers van God; mense wat 'n gedaante van godsaligheid het, maar die krag daarvan verloën het.

Artificial Intelligence - AI

Bill Gates, elites want to use AI to censor political opponents

By [Jonathan Turley](#)

The government and other elites are looking to use artificial intelligence services like ChatGPT to prevent certain views from being shared online.

"We are the AI." That Borg-like greeting could be coming soon to the internet in the form of [new AI overviews](#). In a recent chilling interview, Microsoft founder and billionaire Bill Gates called for the use of artificial intelligence to combat not just "digital misinformation" but "political polarization."

He is only the latest to call for the use of either AI or algorithms to shape what people say or read on the internet. The danger of such a system is evident where free speech, like resistance, could become futile.

In an interview on a German program, "Handelsblatt Disrupt," Gates calls for unleashing AI to stop certain views from being "magnified by digital channels." The problem is that we allow "various conspiracy theories like QAnon or whatever to be blasted out by people who wanted to believe those things."

Gates added that AI can combat "political polarization" by checking "confirmation bias."

Confirmation bias is a term long used to describe the tendency of people to search for or interpret information in a way that confirms their own beliefs. It is now being used to dismiss those with opposing views as ignorant stoops dragging their knuckles across the internet — people endangering us all by failing to accept the logic behind policies on COVID, climate change or a host of other political issues.

This is not the first call for AI overviews to protect us from ourselves. Last September, Gates gave the keynote address at the Forbes 400 Summit on Philanthropy. He told his fellow billionaires that "polarization and lack of trust is a problem."

The problem is again ... well ... people: "People seek simple solutions [and] the truth is kind of boring sometimes."

Not AI, of course. That would supply the solutions. Otherwise, Gates suggested, we could all die: "Political polarization may bring it all to an end, we're going to have a hung election and a civil war."

Others have suggested a Brave New World where citizens will be carefully guided in what they read and see. Democratic leaders have called for a type of "enlightened algorithm" to frame what citizens access on the internet. In 2021, Sen. Elizabeth Warren (D-Mass.) objected that people were not listening to the informed views of herself and leading experts. Instead, they were reading views of skeptics by searching Amazon and finding books by "prominent spreaders of misinformation."

Warren blamed Amazon for failing to limit searches or choices: "This pattern and practice of misbehavior suggests that Amazon is either unwilling or unable to modify its business practices to prevent the spread of falsehoods or the sale of inappropriate products." In her letter, Warren gave the company 14 days to change its algorithms to throttle and obstruct efforts to read opposing views.

Social media responded to such calls and engaged in widespread censorship of those who held opposing views of mask mandates, vaccine safety, school mandates, and the origin of COVID-19. Many of those criticisms and views are now acknowledged as plausible and legitimate, but scientists were banned and censored. There was no "polarization" allowed. The public never was allowed to have that full debate on social media because such views were declared disinformation.

Billionaire Elon Musk, Apple co-founder Steve Wozniak and former presidential candidate Andrew Yang joined hundreds calling for a six-month pause on AI experiments in an open letter — or we could face "profound risks to society and humanity."

Jesus Christus gaan weer kom.

Ons (gelowiges) gaan mekaar nodig hê voor Sy koms!

Oor die algemeen gaan dit nog baie goed en gemaklik.

*Ons moet nou ons geloof sterk maak sodat ons kan oorleef.
Ons moet fokus op ons kinders en vir hulle 'n voorbeeld stel.*

So maak mens

Ons moet die Here se stem hoor en gehoorsaam

- *Vader gaan vir ons sorg, maar nie soos ons gewoon is nie*
- *Elkeen van ons het 'n rol - weet jy waar jy inpas in God se plan?*
- *Gaan jy die geloof hê van ons voorvaders?*
 - *Job?*
 - *Abraham?*
 - *Josef?*
 - *Apostels?*

As jy dit alles uitgefigure het, gaan jy groot moeilikheid hê. Dit gaan nie werk nie.

Jy gaan op Vader moet vertrou. Jy gaan Sy stem moet hoor!

Kan jy?

Begin nou. Dit gaan nog goed.

Op 21:4-7

En God sal al die trane van hulle oë afvee, en daar sal geen dood meer wees nie; ook droefheid en geweene en moeite sal daar nie meer wees nie, want die eerste dinge het verbygegaan.

En Hy wat op die troon sit, het gesê: Kyk, Ek maak alles nuut. En Hy het aan my gesê: Skryf, want hierdie woorde is waaragtig en betroubaar.

En Hy het vir my gesê: Dit is verby! Ek is die Alfa en die Oméga, die begin en die einde. Aan die dorstige sal Ek gee uit die fontein van die water van die lewe, verniet.

Hy wat oorwin, sal alles beërwe; en Ek sal vir hom 'n God wees, en hy sal vir My 'n seun wees.
